**Public Notice**

The company issues duplicate share certificates from time to time at the request of shareholders, in lieu of those reported lost/misplaced/stolen. Before issuing duplicate share certificate(s) the Company obtains proof of identity, indemnity bond, affidavit, signature verification and other documents from such shareholders to satisfy itself about the genuineness of such requests and also publishes public notice(s) in newspaper(s). This is for information of general public that keeping in view the small market value of the shares involved and the high cost of publishing public notice(s) in newspaper(s), the Company has decided that henceforth, instead of publishing public notices in newspaper(s), details of duplicate share certificates intended to be issued by it will be published at the following website of the Company at least ten days before such issue and any objection to the same may be communicated to the company within ten days of such publication at the website.
