**e-Waste Management**

**Extended Producer Responsibility Plan by Jasch Industries Limited**

Jasch Industries Limited is very much concerned for Environmental laws and as an extended producer assumes its answerability towards the environmental laws. We Jasch Industries Limited are importing Computer spare parts from last 6 months. Now being a producer as per E-Waste Management rules 2016, hereby pleased to submit our detailed EPR Plan. As per the requirement of new E-Waste rules,2016 we have taken several steps to implement the same as per guidelines issued by CPCB. We hereby submit our EPR Plan having details about general scheme of collection, channelization details etc.

**-Brief on general scheme of collection**

We have partnered with Satellite Vision India registered with HSPCB and CPCB for management and dismantling/disposal of all our E-Waste.

- ❖ As part of agreement Satellite Vision India collects all our E-Waste generated from All our supplying states and disposes the same at their plant in HSIIDC, Rai Industrial Estate.
- ❖ Satellite Vision India our e-waste management partner is having all authorization related to Air/Water/Hazardous waste. They have a capacity of 4500 MTA per annum.
- ❖ Keeping in view our sales volume and generation of e-waste as per our future e-waste targets and our expansion plan we have decided to follow these mechanism in our organization for collection of e-waste.
  - As per our agreement with Satellite Vision India if any customer wants to handover their old product they can reach or call our E-Waste recycler partner helpline number: 1800-123-005566 which will guide the customer about the incentives of recycling there old and end of life products and as to where they need to drop off the material nearby them. All our existing dealers will function as our Collection centers moreover if some customer wants door step pickup we will arrange for him that also through our shipping partner Delhivery.

Satellite Vision India our e-waste management partner is having all authorization related e-waste dismantling from HSPCB/CPCB and having all connects related to Air/water/Hazardous waste. They have a capacity of 4500MTA per annum.

### **FLOW-CHART OF CHANNELIZATION**

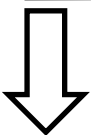

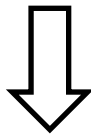

We have partnered with Satellite Vision India registered with HSPCB for management and disposal of all our e-waste.

- ❖ As a part of agreement Satellite Vision India collects all our e-waste generated from all our supplying states through our dealer network or through their collection centers or arranging pickup from doorstep by their shipping partners.
- ❖ Satellite Vision India our E-waste Management partner is having all authorization related to e-waste dismantling from HSPCB/CPCB and all clearances related to Air/Water/Hazardous waste. They have a capacity of 4500 MTA per annum.
- ❖ Keeping in view our sales volume we have and generation of e-waste we have decided to follow these mechanism in our organization for collection of e-waste.
- ❖ There will be a contact number wherein Company/Authorized recycler can be contacted to locate nearest collection point or to arrange door step pickup for the WEEE.
- ❖ Awareness through website, newspaper advertisements, user manual, product package and banners at our service centers and dealers to aware customer hazardous aspects of improper handling of e-waste as well suggest them about nearest drop off point for their product.

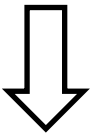

Contact our toll free number: 1800 123 005566 or website: [www.jaschindustries.com](http://www.jaschindustries.com) and raise request

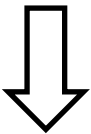

Customer Center representative guides regarding incentives and nearest collection centre or dealers address and about door step pickup.

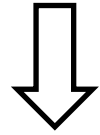

Customer drops the good with the collection centre or authorized dealers after getting detail from

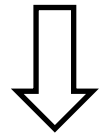

Our logistics team collects material from the collection partners every

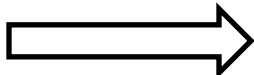

Material dispatched to our mother

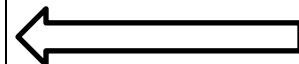

Logistics team of our shipping partner reaches customer address pan India for collection

Material dispatched to our mother

Material shipped to satellite vision India our partner for processing and disposal

❖ **Whether all states are covered:**

Yes all states are covered, we will be having collection centers in only those states in which we supply whose details are already mentioned plus our logistics partner Delhivery can arrange pickup from customer location from any address in India.

❖ **Specific Collection Schemes(Buyback, exchange DRS, etc.)**

We being a good corporate citizen always give priority to compliance and follow all regulations amended time to time by government authorities related to e-waste management. Following are the schemes below which we will amend after launching our product and work on best possible schemes as defined in e-waste rule, 2016 and Update CPCB.

**Buyback:**

We will propose to have a mechanism of incentivizing customer who wish to return their end of life product (e-waste), whereby if any customer wish to discard their product, they can call on the e-waste management partner helpline ALL INIDA: 1800-123-005566.

The representative will explain them about the process of disposal and shall make them aware about the collection centers/dealers available to drop and update about any incentive or exchange offer, if any, if any we will offer to them against their old or end of life product. We will provide incentive based on life and condition of the product.

**E-Waste Exchange:**

We will run e-waste exchange program whereby we will encourage our end user to deposit any of their old product and exchange with new one after giving them some discount .

**DRS:**

As of now we will not opt 'DRS' though we encourage our end users to handover their end of life product by incentivizing them either by awarding them with monetary benefit or by giving them discount on submission of their old product and buying new one.

**Agreements with Authorized Recyclers/Dismantlers:**

We have partnered with Satellite Vision India for channelization as well as disposal of all our e-waste generated from PAN India.

## PROPOSED AWARENESS PROGRAMME

1. We have partnered with Satellite Vision India registered with HSPCB for management and disposal of all our e-waste.
2. We furnish all the details related to disposal of e-waste/toll-free number/collection points details on our website to educate customer about e-waste and how to hand it over to us when they reach end of life.
3. We have establish All India helpline number for our Customers if they want to give their end of life product for recycling. They can call at our helpline number and handover the same to us, finally our e-waste partner collect those from across India branched and dispose them in environmentally sound technique.
4. We shall encourage customer to deposit any end of life electronic product they have irrespective of product and brand.
5. We have collection points meant for collection of material from end user and channelizing them to our e-waste management partner.
6. We shall print e-waste related information on job sheets which are being delivered to customer who comes at service center for product repair.
7. All the details will also be furnished on our website regarding end of life and old products disposal.
8. We propose to conduct regular awareness drives to educate our staff about handling and managing e-waste.
9. Affixing a visible, legible and indelible symbol (non-disposal as ordinary product) on the products or information booklets to prevent e-waste from being dropped in garbage bins containing other wastes.
10. Company is also undertaking awareness program through website, poster sand information booklets accompanying with regard to:
  - a) Information on hazardous constituents ( like lead, mercury, cadmium or chromium) in electronic components.
  - b) Information on hazards of improper handling of e-waste.
  - c) Instructions for handling of the equipment after its use along with the Do's and Don'ts.
  - d) Affixing a visible, legible and indelible symbol(non-disposal as ordinary product) on the products or information booklets to prevent e-waste from being dropped in garbage bins containing other wastes.

**-WEBSITE INFORMATION:**

We will soon update our website <http://www.jaschindustries.com> with below mentioned contents before our product reaches the market.

We at Jasch Industries Limited understand that responsibility doesn't end at selling the products but safe disposal of all e-waste is also necessary for safe guarding of our environment and saving our Mother Earth and making it a better planet to live.

Since electronic items are made of hazardous items under global policy as well as the legislation passed by Ministry OF Environment and Forests(MoEF), called e-waste management rules 2016, which comes into effect from 1<sup>st</sup> Oct, 2016.Jasch Industries Limited will seek shared responsibility and cooperation from customers in reducing the environmental impact of their products

Jasch Industries Limited will comply with all the applicable laws related to e-waste management.

As part of the e-waste recycling initiative, Jasch Industries Limited has authorized an e-waste company named Satellite Vision India to collect, dismantle and dispose e-waste collected from all over India. SVI's Vision is to look at e-waste not just as waste but as an important resource that can be made useful-instead of shunning it as a social and environmental burden with their fully automated facilities.

Satellite Vision India- As part of Partnership company will provide drop off centers and ensure that environmentally sound techniques are used for management of electronics product that have reached end of their life. Satellite Vision India has taken all the necessary authorizations from government agencies for their processing facilities.
